A. Overview of Information Collection

Title of Information Collection: Implementation Phase Review of the LGBTQ Youth Homelessness Prevention Initiative.

OMB Approval Number: 2506-New.

Type of Request: New collection.

Form Number: None.

Description of the need for the information and proposed use: The LGBTQ Youth Homelessness Prevention Initiative began in the summer of 2013 as part of a federal interagency initiative. The initiative's goal is to prevent homelessness among lesbian, gay, bisexual, transgender, and questioning (LGBTQ) youth, and to intervene early when homelessness occurs for these youth. Federal partners from the U.S. Departments of Education, Health, and Juvenile Justice, as well as the U.S. Interagency Council on Homelessness, support this HUD initiative. The initiative supports the federal goal to end youth homelessness by 2020 and contributes to the development of a model for preventing LGBT youth homelessness that other communities can replicate. There are two communities

participating in this initiative and both receive technical assistance (TA) to support their initiative planning (and later in the process, their initiative implementation).

This request for OMB clearance covers the implementation phase which will document the approach and experiences of both communities as they have implemented their local plans. Furthermore, this review will examine the resources required to carry out implementation, what worked well, what challenges emerged and how they were addressed, lessons learned, and recommendations both sites offer for potential replication. To produce this information, HUD will collect quantitative and qualitative data from primary sources using four methods: interviews, surveys, focus groups, and document review. Participants will consist of the local initiative leads as well as individuals involved in local initiative steering committees and subcommittees and community members associated with the initiative.

Respondents (i.e. affected public): Organizations participating in the two local initiatives, including local lead organization, and participants on the local steering committees and subcommittees, and community members.
